

**DE/2025-028**

**Request:**

Under the freedom of Information Act 2000 can you please give me a breakdown of all funds allocated for major and minor works for all schools in Derry for the last 10 years.

**DE response**

A copy of this information is enclosed. Please note the following points relate to the attached documentation:

- The Department's response provides a breakdown of the capital expenditure in non-controlled schools in the Foyle and East Londonderry constituencies for the past 10 financial years under our Major Works and Minor Works Programmes.
- The \* symbol against a school name signifies that the school has now closed or formed a new school as part of an amalgamation.
- A minus figure in the expenditure column is due to an accrual adjustment.

The detail of capital expenditure in controlled schools is held by the Education Authority. Please also note the Department has additional School Capital Programmes that will not be captured by the above request.
