Thank you for your request for information relating to school level data on the 'Summary of Annual Examination Results for 2024/25'. The request was received on 17 February 2026.

I can confirm that the Department holds the information requested. The attached file, 'FOI - DE2026-029 Annual Examination Results 202425.csv', contains the information requested.

Please note the information contained in the spreadsheet does not provide a valid basis for comparing performance between schools, since it takes no account of intakes of the schools or of any other factors that may affect pupil performance. No single measurement can constitute a fair or accurate evaluation of a school, and the figures should be considered in the context of other information about schools and their pupils.
