

TEACHER INDUCTION PROGRAMME 2026-27

TransformED

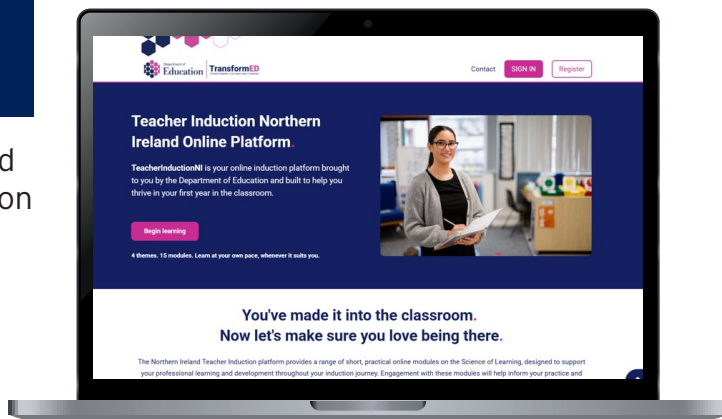

Starting your professional journey

The Department of Education and the Education Authority are delighted to announce the TransformED professional learning programme for Teacher Induction during 2026-27.

The programme provides a comprehensive programme of support for early career teachers as they enter the profession. Building on the foundation provided in initial teacher education, it is designed to guide early career teachers in applying theory in complex classroom settings, developing effective behaviour management, refining instructional practice and integrating confidently into school communities. It also marks the beginning of a structured professional learning journey that will span their entire careers.

NEW FOR 2026-27

Northern Ireland Teacher Induction Digital Online Platform

New for 2026-27 is a Northern Ireland Teacher Induction Digital Online Platform providing access to high-quality, evidence-informed, self-directed learning modules focusing on How Pupils Learn divided into distinct areas including

Science of Learning, Adaptive Teaching, Maximising Thinking and Science of Literacy. Each module is accompanied by an associated assessment reflecting agreed learning outcomes.

Supporting you every step of the way

Explore a programme of professional learning designed to support you as you begin your teaching career – building confidence, strengthening your practice and helping you make a positive difference for every learner.

The programme will include:

- Dedicated in-person professional learning, including: What is Induction – the Teacher as a Professional, Power Up Your Pedagogy, Pedagogy in Practice, Including all Learners and Empowering Improvement, as well as enhanced programmes for those working in Special Schools and the Irish-medium sector.
- Series of webinars on Science of Learning; Adaptive Teaching; Maximising Thinking; Science of Literacy; Numeracy; Creating a Positive Classroom Environment; Digital Strategies for Learning; and Behaviour Management in Schools.
- For Teacher Tutors there will also be a series of in-person sessions and supporting webinars on The Role of the Teacher Tutor; Supporting Lesson Observation Through Professional Dialogue; Coaching and Mentoring Practices in Schools; Feedback; Pedagogical Leadership and Area Learning Community Development Work.

Ready to get started?

Register now for the 2026–27 Teacher Induction Programme. Early Career Teachers and Teacher Tutors should register with the Education Authority to access the full programme, including the new Northern Ireland Teacher Induction digital online platform.
