

## **Statement of Consultees**

The Public Service Pensions Act (Northern Ireland) (2014) (2014 c.2) states:

21. (1) Before making scheme regulations the responsible authority must consult such persons (or representatives of such persons) as appear to the authority likely to be affected by them.

(2) The responsible authority must publish a statement indicating the persons that the authority would normally expect to consult under subsection (1) (and keep the statement up-to-date).

Under these provisions, the Department is required to publish a statement indicating the persons, or representatives of such persons, that we would normally expect to be affected by changes to the NI Teachers' Pension Scheme and therefore must consult with.

Accordingly a list of such consultees has been compiled below.
