## STATISTICAL PRESS RELEASE

## SCHOOL MEALS IN NORTHERN IRELAND 2011/12

The purpose of this statistical release is to provide results of the latest annual data collection relating to the uptake of school meals in Northern Ireland schools, commonly known as the School Meals census. The information was collected in October 2011 for all grant-aided schools in Northern Ireland.

Data collected through the School Meals census are used by policy branches within the Department of Education and by other users across the education service, most notably by the Education and Library Boards (ELBs). The data are also used to inform a number of Assembly questions. The Department is responsible for formulating and developing policy and the associated financial arrangements in relation to school meals.

## Key Findings from the 2011 School Meals census are:

## School meals (free or paid for)

- Of those pupils present on the census day, $55.5 \%(166,620)$ took a meal supplied by the school (Tables 1 and 2). This is an increase of 6,415 on 2010/11 due to an increase in those taking free school meals from 50,869 to 57,802 (Tables 4 and 12).
- $58.8 \%$ of the pupils who were present on the census day took a meal (paid or free) in nursery schools, 53.2\% in primary/prep schools, 57.7\% in post-primary schools and 68.8\% in special schools (Table 2).

Figure 1a: Type of meals taken by pupils in primary ${ }^{1}$ schools and preparatory departments, 2011

- Paid meal
- Free meal
-Own food
- Other arrangements

Figure 1b: Type of meals taken by pupils in post-primary schools, 2011

- The percentage of pupils taking school meals was highest in the Western Education and Library Board area (66.5\%) and lowest in the South Eastern Education and Library Board (45.7\%) (Table 4).

- Overall uptake of school meals in schools here is higher than that in Scotland or England (Table 7).

## Free school meals

- Across all sectors (excluding special schools) 73,314 pupils (23.1\% of the total school roll) were entitled to free school meals - an increase of 9,175 (14.3\%) on the previous year (Table 8).
- The Primary/Prep sector showed the highest increase in the percentage of pupils entitled to free school meals compared to the previous year. This is most likely due to the extension of the eligibility criteria for free school meal entitlement which was introduced in 2010/11 and further extended in 2011/12 to include Key Stage 2 pupils.

- Of those pupils taking a school meal on the census day, 35.8\% took a free school meal supplied by the school (Table 11). The percentage of pupils taking a free school meal was highest in the Belfast Education and Library Board area (50.7\%) and lowest in the Southern Education and Library Board area (28.1\%).
- When considering the number of pupils taking free school meals as a proportion of the number of pupils entitled to free school meals, uptake of free school meals was $78.8 \%{ }^{1}$ (Table 12).

${ }^{3}$ Data taken from Table 12

- Uptake of free school meals was highest in the Western Education and Library Board area (85.2\%) and lowest in the South Eastern Education and Library Board area (71.7\%) (Table 13).

## BACKGROUND NOTES

## Official Statistics

1. This is an Official Statistics publication. Official statistics are produced to high professional standards set out in the Code of Practice for Official Statistics. They undergo regular quality assurance reviews to ensure that they meet customer needs. They are produced free from any political interference.
2. For general enquiries about the Code of Practice for Official Statistics, contact the National Statistics Public Enquiry Service on 08456013034 minicom: 01633812399

## School meal provision

4. The Education and Library Boards (ELBs) are responsible for the day to day operation of the school meals service in all grant-aided schools, with the exception of voluntary grammar schools and grant-maintained integrated schools, where the responsibility lies with the Trustees/Boards of Governors.
5. The service is provided in line with the Approved Arrangements for the Provision of Milk, Meals and Related Facilities made under Articles 58 and 59 of the Education and Libraries (NI) Order 1986 drawn up by the Department of Education (DE).
(http://www.deni.gov.uk/index/85-schools/5-schools_meals.htm)
6. Two main types of school meal service exist:

- A traditional meal comprising a main course and dessert; and
- A cash cafeteria service, where items are priced separately.

## Free school meal provision

7. With regard to free school meal provision the following terms are used:

- Eligibility: When a pupil within a family meets one of the criteria contained in paragraph 6 of the Arrangements for the provision of milk, meals and related facilities.
- Entitlement: When a pupil makes an application for free school meals and is accepted.
- Uptake: When a pupil who is entitled to free school meals makes use of the free school meal provision.

8. Certain categories of pupils are entitled to free school meals. Details of the qualifying criteria are contained in paragraph 6 of the Arrangements. The ELBs are responsible for administering the award of free school meals. Entitlement to free school meals is widely used as an indicator of deprivation.
9. From the start of the $2010 / 11$ school year the eligibility criteria for free school meals was extended to include full-time nursery and primary school children whose parents are in receipt of Working Tax Credit and have an annual taxable income which does not exceed $£ 16,190$ (in 2010/11). The new criterion was introduced on a phased basis with nursery, Foundation Stage and Key Stage 1 pupils eligible from September 2010. This was extended in September 2011 to Key Stage 2 pupils.

## School Meals Census

10. The main statistics in this press release have been derived from the annual school meals data collection, commonly known as the School Meals census. ELBs are responsible for the collection of data in relation to schools in the controlled and maintained sectors and provide a collated return for their area to the Department; from 2011/12, this was provided to the Department at individual school level. Individual returns are submitted by each Voluntary Grammar School and Grant-Maintained Integrated School directly to the Department.
11. The 2011/12 figures in this press release are based on information as at 7th October 2011. They may be subject to minor revision and these will be notified in accordance with our revisions policy. This can be accessed at http://www.deni.gov.uk/de_statement_on_statistical_revisions-2.doc
12. Some tables in this press release include data on school enrolments and the number of pupils entitled to free school meals. Data on school enrolments and free school meal entitlement (FSME) were collected as part of the annual school enrolments data collection exercise and are also based on information as at 7th October 2011. FSME entitlement data is not presented for Special schools as validated data is not available.
13. There were 19 schools in which no pupils took a school meal, as these schools do not provide a school meals service. The number of pupils at these schools are included in the tables in the Press Release.
14. There were 132 nursery pupils who were recorded as being present on census day but were not recorded on returns as taking a meal/lunch/making other arrangements. This consisted of 2 Nursery schools and 1 Primary school.
15. Figures for primary schools may include nursery and/or reception pupils attending primary schools and preparatory departments.
16. More detail about the collection of data on school meals can be found on the DE website. This can be accessed at http://www.deni.gov.uk/school_meals_procedures.pdf
17. The Statistics and Research section of the DE website (www.deni.gov.uk) also presents data from the School Meals census, summarised at Northern Ireland and Education and Library Board level. Statistics on enrolments, participation rates, pupil:teacher ratios, school leaver destinations and qualifications may also be accessed via the website.
